

# ISSM 2016 INTERACTIVE POSTER GUIDELINES

## 3-minute summary presentation by Interactive Poster Speaker

ISSM "Interactive Session" provides an opportunity for the author of poster session to make 3-minute condensed presentation to the entire audience. There will be "NO" Q & A period for the 3-minute talk.

The poster session will be after the short presentation period on that day.

This is always a very popular and well-attended session with lots of interaction and discussion.

Interactive poster presenters must be in attendance for their scheduled poster session.

### <FOUR(4) slides for 3-minute presentation>

Items should be included into the cover page

Poster presentation title

Presenter's detail information

(Name, Affiliation, Title, e-mail address)

Abstract area and ID (e.g. FD-O-999)

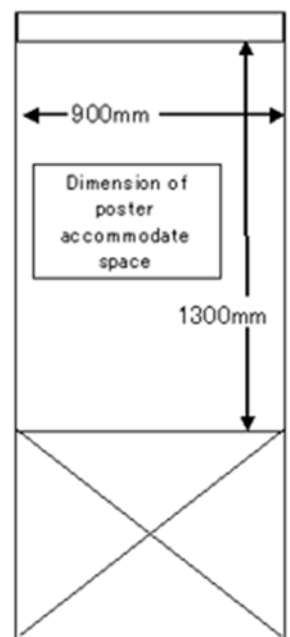

Submission Format: Powerpoint

## Poster Session

You are responsible for bringing/sending your poster to the conference. You may hand carry your poster. If you need them, shipping instructions and guidelines are listed below. Please DO NOT send your poster C.O.D.

## INTERACTIVE POSTER LAYOUT DESIGN SUGGESTIONS

- The interactive poster session is an extremely dynamic opportunity for you to converse with professional colleagues. Your posted materials contribute only a portion of the experience and should encourage dialogue. The higher the quality of the posted charts, the higher the quality of the interactions
- Interactive Poster Presentations should be a visual representation of your paper's textual information. The poster can be one unit or many units, as long as the total size fits the 0.9m wide by 1.3m high area.
- There are no limitations to what the design of your interactive poster can be. We want to emphasize aesthetics: attractiveness, color, clarity and legibility. The objective is to capture the audience's attention, so the more colors and graphics that you use on your poster the better, as opposed to just text.
- Recommended material is a heavy grade paper that provides support. However, regular grade paper can also be used. The poster board is compatible with pushpins.

## INTERACTIVE POSTER HOURS

TBA (It will be updated the beginning of November)

## Shipping information

---

1.	Please ship to the following address: Kokusai Fashion Center KFC Hall & Rooms 10F, 1-6-1 Yokoami Sumidaku, Tokyo 130-0015 Japan +81-5610-5810 ATTN: ISSM2016 (12/12-13) at KFC Hall
2.	When you arrive to set up your interactive poster display, your box(es) will be at your poster location. Unpack things very carefully and be watchful of how items were packed; you'll have to pack it up similarly at the end of the conference using the same boxes and materials.
3.	REMINDER: At the end of the conference, you will need to repack your own materials and affix labels (labels will be provided) for shipment back to your home site. The labels will have a place for you to write your: Name, Company, Complete Address, and Phone Number on the labels.
